Hr. David W. Belin President's Commission on Assassinstion 200 Maryland Avenue NE Washington 2, D.C.

Sir:

In regard to the third hull which I stated has GD for George Boughty scratched on it, Captain Boughty does not remember handling this.

Flease check again to see if possibly it can be VD or VED for Vince Drain.

Very truly yours,

J. C. Day Lieutenant of Police Identification Bureau
